

SHOULDER ULTRASOUND

Exam Code: USSHDLT
USSHDRT

Exam Description: This is a dynamic study of the rotator cuff and associated anatomy. The patient must be able to move their arm for this study.

Information Needed:

- What is the clinical indication for exam?
- If an x-ray is also ordered, please have patient show up 30minute before scheduled ultrasound time so that the x-ray can be done first.
